Additional Notes:

1. Math Proficiency Exam: all students must successfully complete this exam before earning 30 credits.
2. The College of Liberal Arts and Sciences requires a minimum of 120 credits for graduation.
3. Remaining General Education Areas: Declare your major as early as possible in your undergraduate program but after completing the CSD foundation courses and meeting minimum grade requirements. You will receive a “degree audit” from the UAC as part of this procedure. All general education requirements will be outlined for you in the degree audit.
4. The majority of the major (communication sciences and disorders) courses may be completed by the end of the junior year.
5. A graduate degree is required for employment as an Audiologist or Speech-Language Pathologist. See Departmental Information on these degrees. The professions diverge at the graduate level. You will choose audiology or speech-language pathology as your graduate program.
6. The Writing Intensive (WI) Course in the major is SLP 5360: Clinical Practicum in Speech-Language Pathology. It is taken in the senior year.
